

What we evaluate

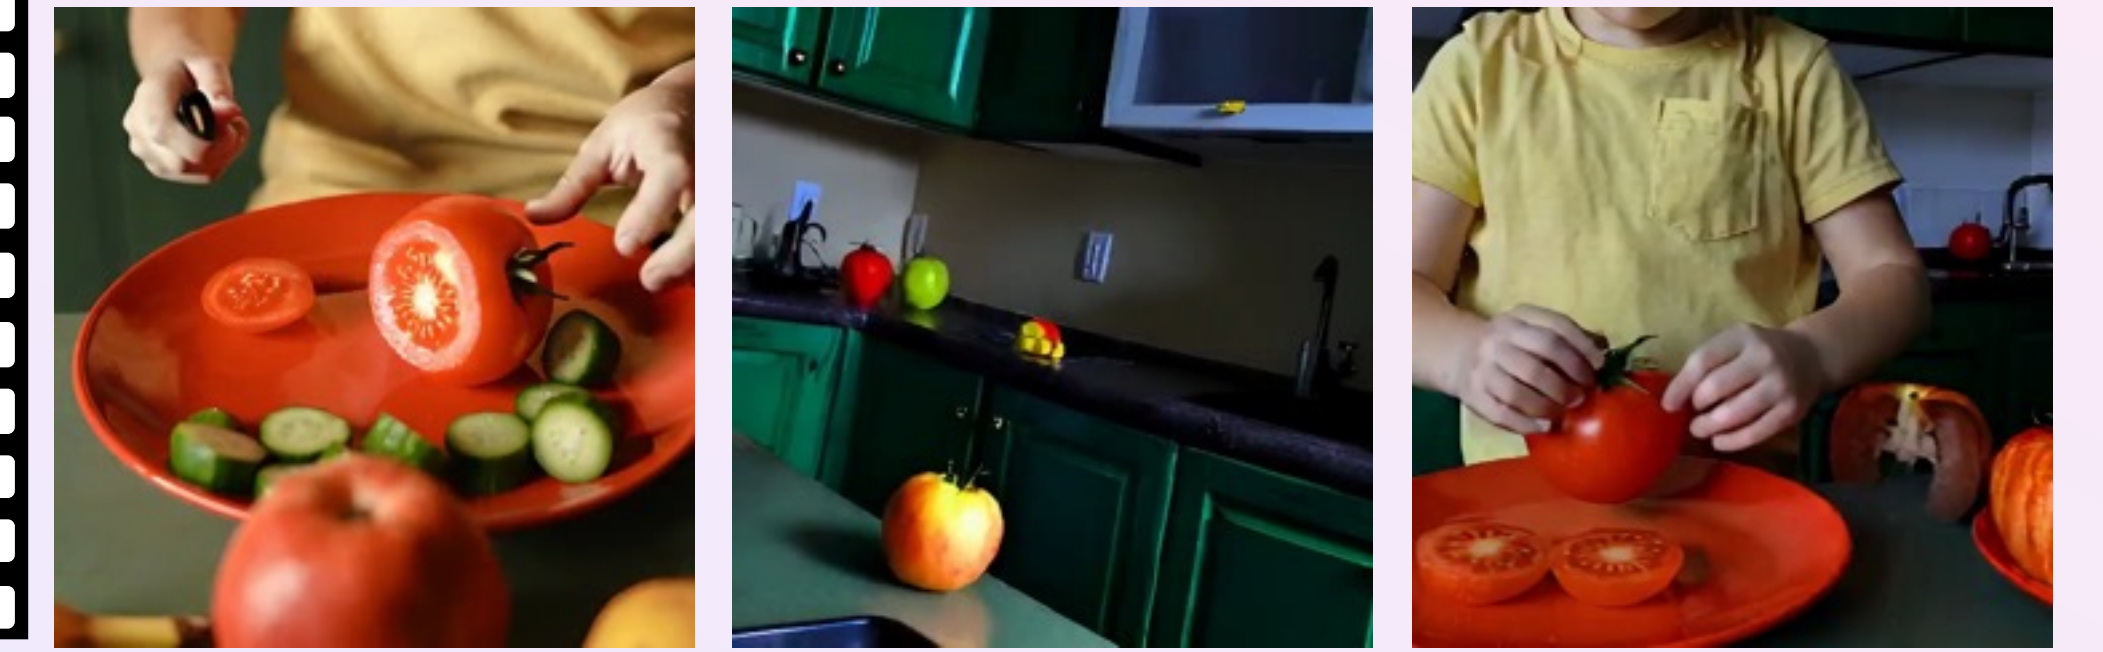

Geometry Consistency

Sudden appear ❌

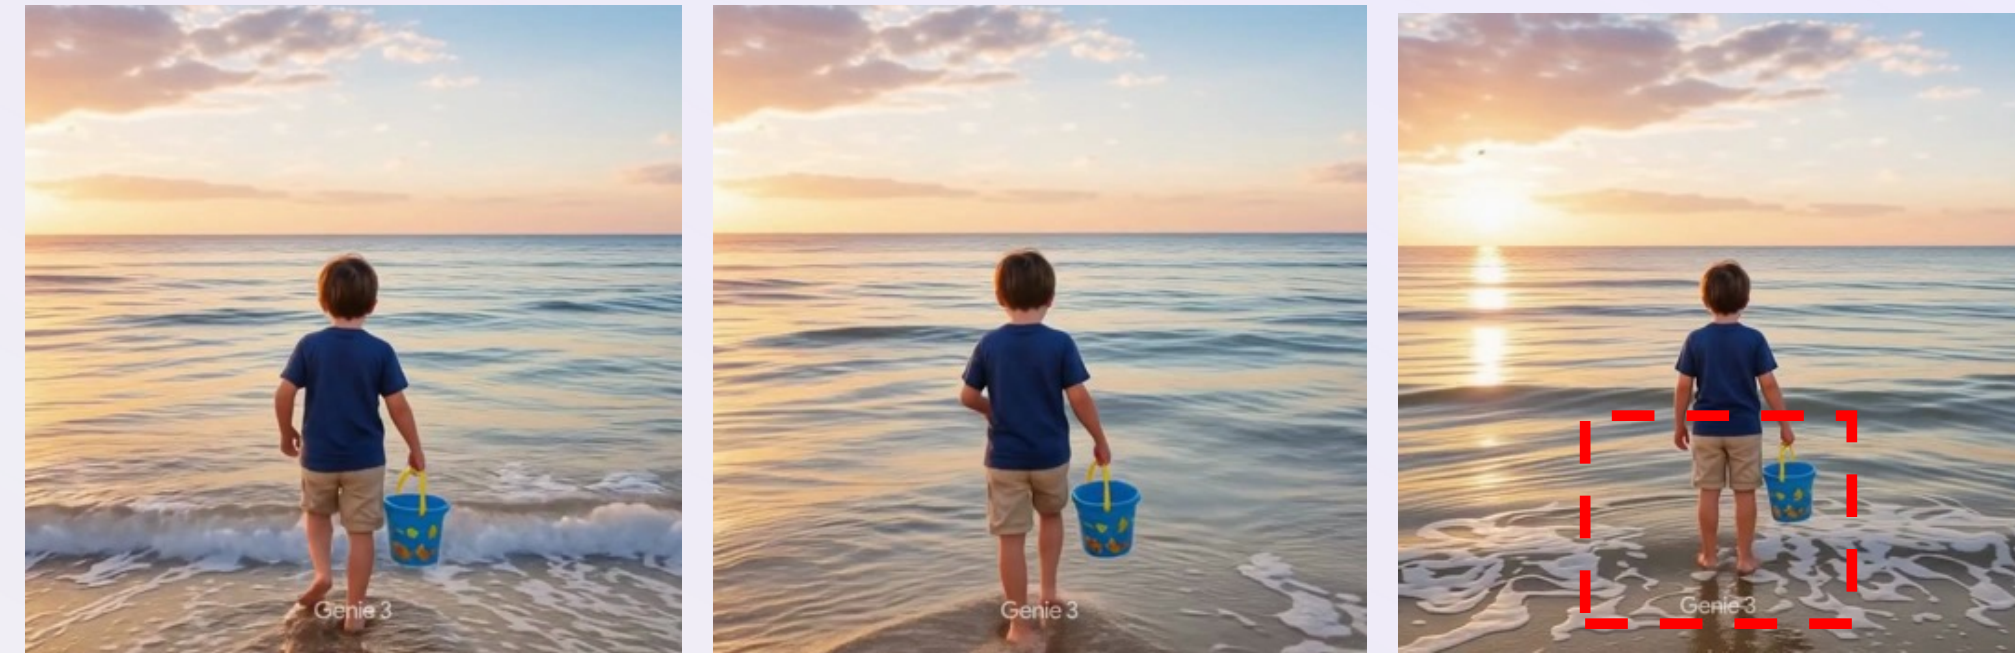

Out-of-sight Evolution

Cut tomato recovered & Cucumbers disappear ❌

Interaction Fidelity

foot floating & water depth unchanged ❌

Insight Evolution

Background keeps silent ❌

60-second duration

How we evaluate

Obj. +
Basic Action Sequence

Agent Player

Observe frames
and
previous actions

Adaptive adjust

Keep planned action
Stop action early
Extend action duration
Correct next action

Pipeline

360° Camera Orbit
the Marina Bay Sands + $\rightarrow \times 3$

PlayWorld Trajectory

... Extend $\rightarrow \times 13$ Stop End

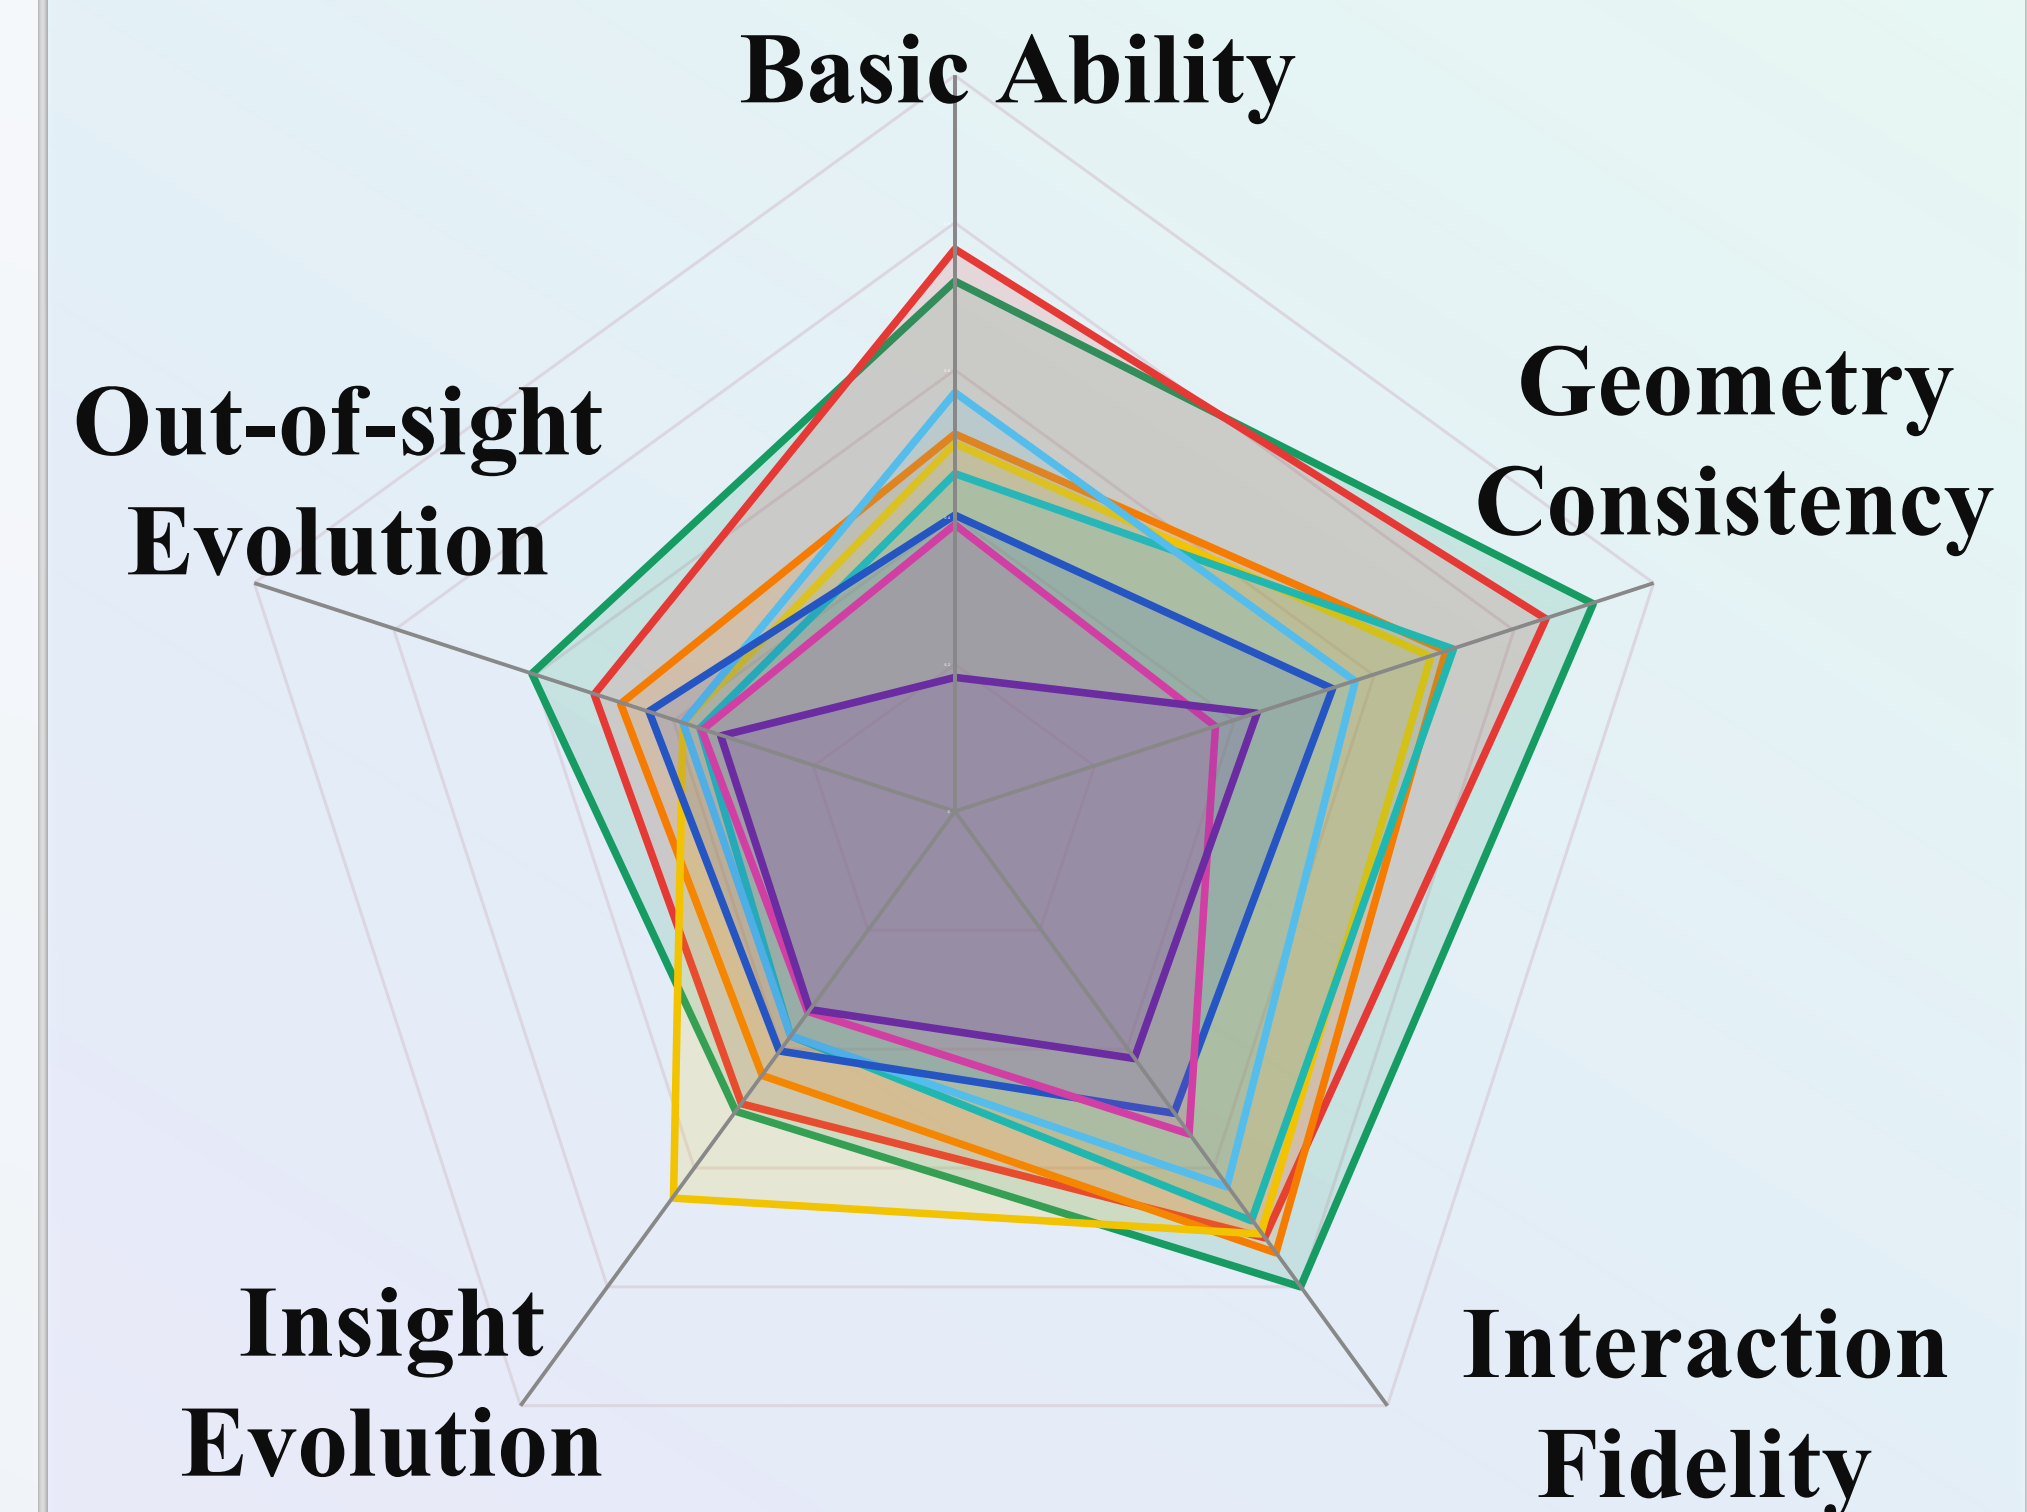

Successfully revisit the Marina Bay Sands
